Advanced Institute for Skills Development

COURSE DESCRIPTION

Digital competence is the set of knowledge, skills and attitudes that should be acquired by all people in order to ensure critical and creative use of ICT and digital media for the purpose of achieving goals related to work, learning and/or leisure. The European Commission's European Digital Competence Framework for Educators (DigCompEdu), aims to promote digital competence (DC) and innovation in education.

Teachers to make learning and teaching effective must become familiar with digital competence and develop a set of DC to take advantage of the potential of digital technologies. This action aims to contribute to developing the DC of teachers and their ability to implement innovative teaching and learning strategies. The ambition is to create favorable conditions for educational practices that promote the development of students' digital skills.

This training course aims to develop with level 2 teachers (B1/B2 of DigCompEdu) a set of knowledge and strategies set of knowledge and strategies that allow them to develop DCs at the next level (C1/C2 of DigCompEdu):

- promote the development, deepening and densification of teachers' DCs, with a view to the 6 areas of the DigCompEdu benchmark;
- enable teachers to carry out activities with digital technologies in different modalities of education teaching;
- train teachers to implement activities that promote learning and the development of students' DCs development of students' DCs;
- stimulate reflection, sharing and critical use of technologies in the educational context.

COURSE INFORMATION

Learning Outcomes

- Promote the development, deepening and densification of teachers' DCs, with a view to the 6 areas of the DigCompEdu benchmark;
- Enable teachers to carry out activities with digital technologies in different modalities of education teaching;
- Train teachers to implement activities that promote learning and the development of students' DCs development of students' DCs;
- Stimulate reflection, sharing and critical use of technologies in the educational context.
