# COURSE DESCRIPTION

---

Welcome to “Digital Literacy for Teachers: Navigating ICT”! This course equips educators with the knowledge and skills to integrate ICT and digital tools effectively. In today’s rapidly evolving digital landscape, technology integration has the potential to revolutionize teaching and learning experiences, preparing students for the future.

Throughout this course, we explore the significance of ICT in education and the benefits it offers. Practical strategies for integrating digital tools into lesson planning are emphasized, enabling participants to create engaging and personalized learning experiences.

Collaboration and communication are vital skills in the digital age. This course addresses how technology enhances student interactions, covering online collaboration platforms, communication tools, and considerations for virtual classrooms and remote learning.

Assessment and reflection are key components of education. Participants learn how to evaluate the impact of ICT integration on student engagement and learning outcomes. They also explore formative and summative assessment strategies using digital tools.

By the end of this course, educators are empowered to embrace ICT and digital tools as transformative elements in their teaching practice. They possess the knowledge, skills, and confidence to create engaging and inclusive classrooms that foster critical thinking, collaboration, and creativity. Join us on this exciting journey as we explore the possibilities of ICT and digital tools in education, preparing educators to inspire the next generation of learners.

# COURSE INFORMATION

---

## Learning Outcomes

- Understand the importance of ICT and digital tools in modern education
- Explore various digital tools and their applications in different educational contexts
- Develop strategies to integrate ICT effectively into their teaching practices
- Enhance their digital literacy skills and adapt them to support student learning
- Design engaging and interactive learning experiences using digital tools
- Foster collaboration and communication among students through technology
- Evaluate the impact of ICT integration on student engagement and learning outcomes
- Address challenges and considerations related to ICT implementation in the classroom
- Stay updated with emerging trends and best practices in educational technology
- Develop an action plan for implementing ICT and digital tools in their teaching practice
- Empower educators to create practical & meaningful experiences
- Improve technical and English language, communication and social skills
- Transfer and share core values, experiences and effective teaching practices between educators from different contexts and regions
- Motivate and inspire educators to contribute, through their areas of action, to building more coherent, harmonious, and sustainable societies
- Stimulate the exchange of experiences between educators from different contexts and regions

# DAILY PROGRAM

6-DAYS

..... \*Our courses also include a daily Coffee Break

## DAY 1 / 16h30-21h30

- Self Preparation for a short School presentation on Day 2
- Cultural Quiz (to be filled out pre-dinner)
- Welcome Session - icebreaking & dinner, week briefing & planning
- Networking between participants and Erasmus+ team
- Sharing of European core values
- Open space for participants to share ideas and discuss current challenges in the Education sector; collaborative opportunity to exchange future goals (activity)

## DAY 2 / 8h30-13h45

- Introduction to the course and learning objectives
- Importance of ICT in the modern education landscape
- Benefits and challenges of integrating ICT in teaching
- Exploring various digital tools and their educational applications

## DAY 3 / 8h30-13h45

- Strategies for integrating digital tools into lesson planning
- Creating interactive multimedia presentations
- Gamification and interactive learning platforms

## DAY 4 / 8h30-13h45

- Online collaboration tools and platforms
- Communication tools for engaging student interactions
- Virtual classrooms and remote learning considerations

## DAY 5 / 8h30-13h45

- Evaluating the impact of ICT on student engagement and learning outcomes
- Formative and summative assessment strategies using digital tools
- Reflecting on challenges and best practices for sustainable implementation

## DAY 6 / 8h30-13h45

- Group work and presentations
- Course roundup & review
- Learning outcomes' validation
- Certification Ceremony

# ADDITIONAL INFORMATION

**Documentation:** Learning Agreement; Certificate of Attendance with description of learning outcomes; Europass validation; and other required Erasmus+ supporting documents.

(Our courses are eligible to be completely funded by the Erasmus+ program 2021-2027 - KA1 funds and several other programs)

## TRUSTED BY EDUCATORS ALL AROUND EUROPE
