COURSE DESCRIPTION

Imagine transforming your classroom into an engaging setting where knowledge is unlocked through riddles, clues, and collaborative challenges.

EduEscapeRoom invites teachers from all subject areas to immerse themselves in a unique experience that combines gamification, creativity, and cutting-edge technology.

Over an intensive week, you will learn how to design Educational Escape Rooms that motivate, challenge, and engage students, using Generative Artificial Intelligence tools to create narratives, clues, and interactive multimedia resources.

Blending theory and practice, this course takes you from understanding the principles of gamification to creating and presenting a fully functional Educational Escape Room, ready to be implemented in your professional context.

Regardless of the subject you teach, this innovative approach will allow you to:

- Increase student engagement and motivation;
- Promote collaborative work and creative problem-solving;
- Integrate technology in a strategic and meaningful way;
- Foster 21st-century skills such as critical thinking, communication, and autonomy.
